

EVANS MURANGIRI

Software Engineer | Full-Stack Developer | Artificial Intelligence | Data Science

Nairobi, Kenya | Evansmurangiri7@gmail.com | +254793582095 | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Results-driven Software Engineer with experience in full-stack development, scalable web application design, and data-driven problem solving. Experienced building applications using the MERN stack (MongoDB, Express.js, React, Node.js), as well as Python, Django, SQL, REST APIs, and Git. Strong interest in Artificial Intelligence, Data Science, and intelligent software systems. Proven ability to develop, test, optimize, and maintain software solutions with a focus on performance, scalability, and clean architecture.

CORE SKILLS

- Software Engineering & System Design
- REST API Development
- Database Design & Management
- Full-Stack Web Development (MERN Stack)
- Artificial Intelligence (Foundational)
- Data Science & Data Analysis
- Frontend Development (React)
- Backend Development (Node.js, Express, Django)
- Version Control (Git/GitHub)
- Debugging, Testing & Performance Optimization

TOOLS & PLATFORMS

MongoDB, Express.js, React, Node.js, Python, Django, JavaScript, SQL (MySQL), Git, GitHub, Postman

PROFESSIONAL EXPERIENCE

Software Engineer

Nairobi Estate

2025 – 2026

- Built and developed the Nairobi Estate platform using the MERN stack, delivering full-stack functionality across frontend, backend, and database layers
- Designed and implemented responsive user interfaces in React, developed REST APIs using Node.js and Express, and managed MongoDB data models

- Delivered Improved system functionality through debugging, testing, and performance optimization while applying scalable software engineering principles

Full stack Developer Upwork | Projects

Freelance | independent Projects

2021 – 2026

- Developed software projects involving full-stack web applications, algorithmic trading concepts, and data-driven problem solving
- Applied software engineering principles in API integration, database operations, and system optimization

EDUCATION

- Bachelor's Degree in Software Development - KCA University
- High School Diploma - Nakuru Boys High School

ADDITIONAL INTERESTS

- Artificial Intelligence
- Data science
- Cybersecurity
- Blockchain
